

Estimated Cost of Attendance

To help you better understand the costs associated with your education, the WW Academy's estimated student budget for the class entering in September 2019 is outlined below. This budget is based on a single student and assumes a moderate student lifestyle. It includes one-time costs and estimated monthly expenses.

Please keep in mind that the estimated budget does not reflect need-based WW Academy scholarships/grants that you might be eligible for. Our financial aid program is designed to provide access and affordability to all students. Please follow the instructions [here](#) to apply for scholarship support from the Academy.

One-time costs

Tuition	\$27,000
Technology Fee	\$500
Total	\$27,500

Monthly expenses

Room and utilities	*\$1,065
Meals	*\$350
Transportation	**\$85
Total	\$1,500

Health insurance is required for all students by the commonwealth of Massachusetts. The Academy will offer a health plan for those who seek coverage; its estimated cost is still pending.

*The Academy does not provide housing or meal plans. These are estimates based on the area to help you budget.

**The transportation costs represent an unlimited monthly CharlieCard for both the subway and bus systems that stretches all of Boston/Cambridge. We expect most students will use the T as The Academy is just two blocks away from the Lechmere stop. If you are driving into the city you would need to factor in local parking.

This document is current as of September 2018, subject to change.
